BAKIT MERALCO LANG?

LAHAT AY KUMUKULEKTA NG SYSTEMS LOSS.

Source: Actual Accounting Electrical Data (April 2000)

System Loss Charge has always been allowed to be recovered by all Distribution Utilities and Electric Cooperatives nationwide.

In fact, most countries up to today are not given a cap or limit by their respective regulators.

But in 1994, in order to promote efficiency, the Anti-Pilferage Act (RA 7832) was passed and established a cap on the recoverable rate of systems losses - 9.5% (Private Utility) and 14% (Electric Cooperative) by 1996.

Distribution Utility/Electric Cooperative	System Loss (P/kWh)
Manila Electric Company (MERALCO)	0.81
Cagayan Electric Cooperative (CAGELCO) Region 2 Cagayan Valley	0.88
Visayan Electric Company (VECO)	0.63
Central Negros Electric Cooperative (CENECO)	0.50
Pangasinan Electric Company (PECO)	0.92

MERALCO, PINAGPALA SA LAHAT

Small isoy systems losses, begins ay pati ang bayarin sa 72 milyong kWh na kumukata sa kuryente ng Manila Electric Company (Meralco) kada taon ang sabuhag na ipinapasa ng Meralco sa apat na milyong customers nito.

Tungo sa ang pulitikal nagkababingyan na pa sa Joint Congressional Power Commission hearing sa Senado noonng Lunes (May 12) at ang hapon na ang haharap.

Sen. Juan Ponce Enrile: "My figure shows me that it's eight pesos, thus more than half a billion pesos [in electricity cost] being passed on to consumers is freely used by Meralco. Correct? You don't pay taxes on it. You don't pay anything on it."

Meralco: (represented by its so-called systems-loss expert): "Administrative use, sir, is used for the operation of the company."

Enrile: "Does Meralco as Meralco pay for those 72 million kWh?"

Meralco: "Ah, (stammers) it is passed on to consumers."

Enrile Uncredulous: "Aha! It is being passed on... Every bit of expense of Meralco is passed on to the consumers. Meralco does not pay for anything except maybe the Meralco theater."

WOW! GRABE TALAGA!

Hindi lang pala (yang sinabaw na kuryente ni Jose ang ipinapasa) ng Meralco kay Juan dela Cruz sa ilalim ng systems losses. Rulang pa pala na pati kuryenteng nawawala dahil sa inefficiency ng Meralco ay unisangit nito sa Meralco customers.

Sa palitan ng tanong at sagot ni Senator Enrile at ng Meralco, lumitaw na ang Meralco customers ang nagbabayad rin sa kuryenteng ang Meralco mismo ang kumukumukata. Ito ba ang dahilan kung bakit parang gahi sa kuryente ang palitan sa Christmas Tree at Belen ng Meralco turing Disyembre?

Di pa ba double-blah-blah tayo dito dahil ang dapat bayarin ng Meralco ay tayo pa rin na consumers ang nagbabayad?

Ang tanong ng marami ay ito:

Kung ang Meralco ay hindi nagbabayad ng kuryente, nagbabayad ba naman ang iba pang mga kumpanya na tulad ng Meralco ay kontrolado o kaya'y pag-aari ng pamilya Lopez?

Andyan ang ABS-CBN, Bayantel at marami pang sister-companies ng Meralco. Ang Bahay ni Kuya, nagbabayad rin ba? O baka naman may sweetheart deals rin si Big Brother sa Meralco tulad ng mga independent power producers na pag-aari rin ng mga Lopez?

Tanong pa sa mga henyos sa Meralco:

May pinagkaiba ba ang ginagawa ng Meralco sa mga ginagawa ng nagnanakaw ng kuryente na naglalagay ng jumpers sa mga kawad?

Personalizing the curriculum is a process that involves identifying the individual needs, interests, and abilities of each student and then tailoring the instruction to meet those needs. This process is not a one-time event, but rather an ongoing process that evolves as the student's needs and abilities change over time. Personalizing the curriculum can be done in a variety of ways, including using differentiated instruction, project-based learning, and personalized learning plans. The goal of personalizing the curriculum is to ensure that every student is challenged and engaged in their learning, and that they are able to achieve their full potential.

The first part of the paper discusses the importance of the research and the objectives of the study. It highlights the need for a comprehensive understanding of the factors influencing the performance of the system under investigation. The second part presents the methodology used in the study, detailing the experimental setup, data collection procedures, and the statistical analysis techniques employed. The results of the study are presented in the third part, showing the impact of various parameters on the system's performance. Finally, the conclusion summarizes the findings and provides recommendations for future research.

NFA closes 200 rice outlets in Bicol

MANILA, Jan. 10 (AP) — The National Food Authority (NFA) has closed 200 rice outlets in the Bicol region, citing a lack of funds to maintain the facilities. The NFA said the outlets, which were established in 1976, were in various states of disrepair and had become a financial burden. The agency said it would continue to monitor the situation and close more outlets if necessary.

8 rescued from burning building

By Tina S. Syme
SAN JOSE, Calif. (AP) — Eight people were rescued from a burning building in San Jose, Calif., on Tuesday. The fire broke out in the early morning hours and quickly spread, forcing firefighters to break through the structure to reach the trapped occupants. The victims, including a woman and her children, were safely removed and are now in good condition. The cause of the fire is still under investigation.

'No threat from falling billboards'

By Robert Ross
LOS ANGELES (AP) — A city official says there is no threat from falling billboards in Los Angeles. The statement comes in response to concerns raised by residents and businesses near a recent billboard collapse. The official emphasized that the city's safety standards are strict and that regular inspections are conducted to ensure the stability of all outdoor advertising structures.

CA acquits teen rapist convicts paralytic

LOS ANGELES (AP) — A California jury has acquitted a 17-year-old boy of rape charges. The boy, who was charged with the rape of a 15-year-old girl, was found not guilty by a unanimous verdict. The case had drawn significant media attention due to the young ages of the individuals involved. The victim's family expressed disappointment with the outcome, while the defense team celebrated the verdict.

On Trial
The jury in the rape case heard testimony from the victim and several witnesses. The defense argued that the victim was not credible and that the boy was not responsible for the alleged crime. The trial lasted several days, and the jury deliberated for hours before reaching their verdict. The case highlights the complexities of prosecuting sexual offenses involving minors.

QC cops on the trail of car theft suspects

By Peter Smith
QUINCY, Ill. (AP) — Quincy police are on the trail of several car theft suspects. The police department has received information about a series of recent vehicle thefts in the area and is actively searching for the perpetrators. They have issued a public notice, asking anyone with information to contact the police. The stolen vehicles include a variety of makes and models, and the police are offering a reward for tips that lead to the suspects' arrest.

Slain Leviste aide's son takes stand

By Angela Chavira
LOS ANGELES (AP) — The son of a slain aide to a California governor has taken the stand in court. The young man is being questioned about the circumstances surrounding his father's death. The case has become a major news story, with many people following the trial closely. The father was a prominent figure in California politics, and his death has raised questions about the safety of political figures and their families.

Iran offers proposals to ease nuclear row

TEHRAN, Nov. 10 — Iran's foreign minister said Monday that his country has offered a series of proposals to ease tensions over its nuclear program, but that the United States and other Western powers have refused to engage in dialogue.

Iran's foreign minister, Ali Akbar Salehi, said in a statement that his country has offered to suspend its enrichment activities for six months in exchange for a similar suspension by the United States of its economic sanctions. He also offered to allow international inspectors to monitor its nuclear facilities.

However, Salehi said that the United States and other Western powers have refused to engage in dialogue with Iran, and that this has led to the current crisis. He said that Iran is willing to engage in dialogue, but that it must be on a basis of mutual respect and equality.

US to try 14 Colombian paramilitaries on drug charges

WASHINGTON, Nov. 10 — The Justice Department announced Monday that it will seek to extradite and prosecute 14 Colombian paramilitaries on drug charges. The individuals, who are alleged to be members of the United Self-Defense Forces of Colombia (AUC), are accused of participating in a series of drug trafficking operations that have resulted in the deaths of hundreds of people.

The Justice Department said that the individuals are currently being held in Colombia, and that it is working with the Colombian government to extradite them to the United States. The individuals are accused of participating in a series of drug trafficking operations that have resulted in the deaths of hundreds of people.

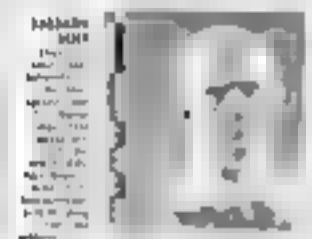

Trial set for five in 9.11 attacks

NEW YORK, Nov. 10 — A federal judge has set the trial date for five men accused of participating in the Sept. 11 attacks. The trial is scheduled to begin in December, and will take place in the Southern District of New York.

The five men are accused of conspiring to carry out the attacks, and of providing logistical support to the hijackers. The trial is expected to be a lengthy and complex process, as the prosecution seeks to establish the guilt of each individual.

N. Korea to cooperate on nuclear checks, says US

WASHINGTON, Nov. 10 — The United States said Monday that North Korea has agreed to cooperate on nuclear checks, a move that could help ease tensions between the two countries. The agreement, which was announced by the State Department, allows for increased international monitoring of North Korea's nuclear program.

The agreement is seen as a significant step towards resolving the long-standing nuclear dispute between the United States and North Korea. It allows for increased international monitoring of North Korea's nuclear program, which has been a major source of concern for the United States and other Western powers.

PSZ profit falls 1st 70%

Philippine Shipyard, Inc. (PSZ) reported a significant decline in its operating profit for the first quarter of 2008 compared to the same period last year. The company's profit fell by 70% to P1.1 billion, down from P3.5 billion in the first quarter of 2007. This decline was primarily due to a decrease in the volume of shipbuilding orders and a corresponding drop in revenue. PSZ's revenue for the first quarter of 2008 was P1.1 billion, compared to P3.5 billion in the first quarter of 2007. The company's operating profit for the first quarter of 2008 was P1.1 billion, down from P3.5 billion in the first quarter of 2007. PSZ's operating profit for the first quarter of 2008 was P1.1 billion, down from P3.5 billion in the first quarter of 2007.

Figure 1 consists of seven panels, labeled (a) through (g), each showing a line graph of bacterial growth (CFU/g) over time (hours). The y-axis for all panels ranges from 0 to 100,000,000 CFU/g, and the x-axis ranges from 0 to 24 hours. Panel (a) shows a control group with a high CFU count. Panel (b) shows the effect of 100 mg/kg of a treatment. Panel (c) shows the effect of 200 mg/kg. Panel (d) shows the effect of 400 mg/kg. Panel (e) shows the effect of 800 mg/kg. Panel (f) shows the effect of 1600 mg/kg. Panel (g) shows the effect of 3200 mg/kg. The graphs show that higher concentrations of the treatment lead to lower CFU counts over time.

Use special ingredient

-in Bicol Express-

In a time when the world is so small, it's amazing how far a dish can travel. Bicol Express, a spicy pork and vegetable stew, has become a favorite in many homes. The secret to its success lies in the use of a special ingredient: annatto leaves. These leaves, which are native to the Philippines, give the dish its characteristic red color and a slightly smoky flavor. When used in moderation, they enhance the overall taste of the dish. Many people, however, are unaware of the benefits of annatto leaves. They are not only a natural food coloring but also have medicinal properties. In traditional Filipino medicine, annatto leaves are used to treat various ailments, including skin conditions and digestive issues. So, the next time you cook Bicol Express, remember to use annatto leaves to get the most out of this delicious dish.
